

# CENTER OF EXCELLENCE AGRO-CHEMICAL PARK

SKW Stickstoffwerke Piesteritz GmbH | Möllendorfer Straße 13 | 06886 Lutherstadt Wittenberg

## HERE BUSINESS MEETS SCIENCE.

“Hidden champion”, tradition-steeped chemistry location, beacon with international significance.

The Agro-Chemical Park Piesteritz can be given different titles, but it cannot be ignored. With SKW Piesteritz as the core company, more than 30 companies have settled not far from Luther's Wittenberg that form the first and so far only Piesteritz Agro-Chemical Park in Germany – **with an unmatched level of networking.**

Chemistry has been operated at this location for over 100 years. Here, fertilisers are produced that, thanks to research performed on site, become increasingly efficient both ecologically and economically. Here, biodiesel, valuable lecithin and pharmaceutical glycerine are produced from rapeseed. Melamine, which has become an indispensable part of many areas of daily life, is produced here. And high-purity carbon dioxide is liquefied here to be used in the food industry. So any carbonic acid in mineral water may well come from Piesteritz.

Rüdiger Geserick, CEO of SKW Stickstoffwerke Piesteritz

“The best contribution to securing the future of the site is to work every day on its continued existence.”

### QUICK CHECK

## FOCUS SECTORS

- Industrial chemistry
- Agrochemistry
- Food production

## PARTNER NETWORKS

- Kiel University
- Martin Luther University Halle-Wittenberg
- Technische Universität München
- Osnabrück University of Applied Sciences
- Thünen Institute Braunschweig
- Deutscher Wetterdienst
- RAUCH Landmaschinenfabrik GmbH
- DöhlerAgrar
- Leibniz Centre for Agricultural Landscape Research Müncheberg
- Helmholtz Centre for Environmental Research Leipzig-Halle
- Fraunhofer Institute for Cell Therapy and Immunobiology IZI
- Saxon State Office for the Environment, Agriculture and Geology
- Saxony-Anhalt State Institute for Agriculture and Horticulture
- Thuringian State Institute for Agriculture
- Lower Saxony Chamber of Agriculture

## SUCCESS STORIES

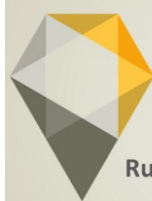

World champion in urea produ..

Rubber conductors
