

HERE WE PUT BIOTECH INTO EFFECT. SAXONY-ANHALT

BIOTECHNOLOGY AND PHARMACEUTICALS

Saxony-Anhalt is one of the top national and global addresses for the pharmaceutical and biotechnology industries. Here they find the best location conditions for investment and growth. Time-critical freight can be transported optimally from the heart of Germany to its destination. Whether global players, innovative medium-sized companies or young start-ups - they particularly appreciate the potential of interdisciplinary and cross-sectoral cooperation. **2 universities, 3 universities** of applied sciences and multiple **research institutes** of the Max Planck, Fraunhofer and Leibniz associations concentrate strongly on the areas of enzyme and protein biotechnology and neuroscience. They are ideal partners regarding R&D projects, starting points for innovative start-up ideas and talent pools for future specialists.
