

Become part of a smart business location!

Saxony-Anhalt is a chemical and plastics location by tradition. For many years, the local companies have been concentrating on the development of smart materials - adaptive materials that are "intelligent" or "smart" through additional functions.

Send us your contact request - we get back to immediately.

We gladly identify with you the **potential of Saxony-Anhalt as location for your company** and **which assistance** we as Investment and Marketing Corporation Saxony-Anhalt can offer you concerning your settlement plans.

Just fill out the form below:

Contact form

Interest

I am interested in
