

Saxony-Anhalt at transport logistic München

From **4th until 7th June of 2019** logistics companies from Saxony-Anhalt will be attending the transport logistic in Munich, the world's leading trade fair for logistics, mobility, IT, and supply chain management. In this context, Saxony-Anhalt is making another in a long line of appearances as an exhibitor from Central Germany at the transport logistic event, which it has attended in both China and in Munich.

We are pleased that Saxony-Anhalt is attending once again this year with impressive partners. **Visit us at the trade fair in Hall B3 / Booth 214.**

- > Leipzig/Halle Airport: Multimodal hub for flows of goods between Asia and Europe

Mobility and Logistics in Saxony-Anhalt

Increasing global demand for mobility, the resulting infrastructure bottlenecks, growing environmental pressures and dwindling oil deposits require innovative, pioneering traffic solutions. Energy-efficient, low-emission vehicles, manufacturing technology and intelligent, multimodal traffic systems will define the future market.

With its high-performance supplier industry for automobile manufacturing and its application-oriented research, Sachsen-Anhalt has the competence to develop sustainable solutions.
